FCHS Dance Team Tryout Info 2022-2023

Hi there!

My name is Ashley Meeks, and I am the Varsity Dance Head Coach at Fort Collins High.

I just wanted to send out some information regarding the Fort Collins High School 2022-2023 dance team tryouts.

(I know, its early but I want to make sure all 8th graders are informed surrounding athletic clearance and orange cards!)

Pre-tryout clinic- (March 30th and April 6th in the FCCHS commons (cafeteria) from 4:30-5:30p)

The main purpose of a clinic is to provide a time outside of the tryout process for those students who might be interested in our program but are not yet sure if they would want to go through with the process of joining the team. At clinics, we will introduce some of the techniques that will be seen at tryouts so that students can assess if the dance team is something they truly want to commit to!

Tryout Information Meeting- (April 11th in the FCCHS commons (cafeteria) from 6:30-7:30p)

we will instruct our potential dancers and parents on how to get their orange cards at this meeting allowing 2 full weeks for them to retrieve it

FINAL TRYOUT PROCESS= 3 DAYS- candidates must attend all 3 days.

If they are unable to attend all 3 days and still want to be considered for the team, they can email me at ameeks@psdschools.org to make prior arrangements)

- April 26th- 4:30-6:30 in the FCCHS Mcneal Auditorium
- April 27th- 4:30-6:30 in the FCCHS Mcneal Auditorium
- April 28th- 4:30-until finished in the FCCHS Mcneal Auditorium

Any 8th graders that are planning to attend FCCHS next year and interested in dance, this link will ensure that you receive all pertinent information regarding our tryouts!

Spelling Bee

Over 20 students from grades 6, 7, and 8 participated in Leshar's Oral Spelling Bee. After 30 rounds, Theodore Gregory was crowned our Spelling Bee Champion! Theo was in the top 10 Poudre School District spellers and advanced to the Colorado State Spelling Bee. Here is just a small sampling of the words Theodore spelled correctly: fractious, bivouac, mete, phenomenal, Montmorency, and Quasimodo.

Vaccinations

If your student has recently received ANY vaccinations, please provide a copy of the updated shot record to the Health Office.

Si su estudiante ha recibido recientemente CUALQUIER vacuna, proporcione una copia del registro actualizado de la vacuna a la Oficina de Salud.

Thank you and Go Vikings!

Spring Student-Led Conferences

Reminder that our **Spring Student-Led Conferences (SLCs)** are happening Thursday, March 31 and Thursday, April 7 from 3-7PM. Your child should have already brought home a letter requesting a time for their conference and should have returned the completed letter to their 4th quarter, Blue day, ELO teacher on Wednesday, March 23. If they haven't, please talk to them about this 😊 Please plan on attending these conferences to see and discuss your child's academic progress and to check-in with teachers before and/or after your 30-minute scheduled SLC. Thank you.

Girls in Tech

During 3rd Quarter, Mr. Oldenburg offered an opportunity for young Viqueens in the 6th 7th or 8th grades interested in technology and engineering fields to explore their creative minds using a process of design to develop and produce their own products. The Girls in Tech ELO consisted of 6th and 7th grade students developing and creating their own board games and the 8th grade students making an organizational rack that could efficiently store the wood shop power drills!!

Through research and planning the board games were meant for an elementary school to middle school demographic taking into consideration board game concepts, movements, topic interests and how to make it entertaining and engaging. These wonderful students were able to develop their games using technology mediums to manufacture their boards and pieces while learning skills and techniques in wood shop and joinery, 3D printing, Laser Cutting and Engraving. Students also studied concepts in engineering math and sciences. The students embraced the process of design allowing them to turn raw materials into a useful product that was both fun and highly creative. To honor the amazing work done by these students below is a sample of some of the work that was completed this quarter!! Thank you to all of these students! It was an honor and privilege to work with these talented and skilled students!!!
