### HAPPY, HEALTHY TEENS

Dr. Shannon will discuss the recent rise in mental health symptoms in children and will examine the reasons behind this escalation. He will share clear steps parents can take to support a healthy and happy life.

**9/18/19**

### MARIJUANA AND THE ADOLESCENT BRAIN

Dr. Conner will talk about the affects of marijuana use on the developing adolescent brain, current trends in our local community and how to talk to your adolescent about marijuana use.

**10/16/19**

### SCHOOL SAFETY PANEL

Over the years student safety has been a growing concern for our community. During this event, we will address current safety practices and procedures and help you navigate these topics with your students.
